

THE NATIONAL INSTITUTE FOR SUSTAINABLE DEVELOPMENT

P.O BOX 289-BANGEM BUEA

CAMEROON

Proof of Environmental activities out Cameroon 2024-2025 . Activities in Central African Republic

1. Reforestation project such as the organisation of the reforestation workshop to discuss and sensitise on the reforesting areas destroyed by industrial logging. We provided 300 trees to be planted in areas of Bangassou and Bambari in the Central African republic that has been cleared of forest.
2. Providing 400 reusable market bags to replace plastic bags to the locals of more Bouar and Carnot in the Central African Republic.
3. Organised a workshop on sustainable logging regulations and anti poaching campaigns and invited relevant stakeholders involved in timber sector and wildlife sector so that they know that sustainability is necessary in preserving our forests.
4. Organised a workshop on sustainable fishing for fisher men fishing at the Ubangin River so that they can use sustainable fishing techniques such as avoiding use of monofilament nets and set up no take zones to allow fish to recover.
5. Organised and created youth environmental clubs in colleges in the Bangassou and Berberati villages so as to get youths engaged in environmental protection activities such as tree planting and , recycling and conservation awareness.
6. Organized a workshop on anti poaching to combat illegal wildlife hunting especially for elephants, monkeys and pangolins. Relevant stakeholders both from the private sector and the council areas were invited.
